

2019 LEGISLATIVE UPDATE - NEW REGULATIONS ON LEAD IN DRINKING WATER IN SCHOOLS AND PFAS SAMPLING

Instructors from the Vermont DEC - DWGWP Division will examine recent state legislation impacting public drinking water systems. This training course focuses on two bills just signed by the governor: (1) sampling for PFAS-related compounds and (2) lead in drinking water in schools and child care facilities. The presenters will walk through the new requirements and what they mean for public drinking water systems. Topics will include sample collection, data review, and next steps after sampling. This training will be held in two remaining locations:

Thursday, August 29th	9:00AM – 2:00 PM	Bennington Fire Department 130 River St Bennington, VT 05201	VRWA Member: \$32 Non-Member: \$40 4 TCHs
Wednesday, September 4th		ANR Annex 190 Junction Rd Berlin, VT 05602	VRWA Member: \$32 Non-Member: \$40 4 TCHs
