

I would like to thank everyone, members and staff, for their patience in getting through 2021. It was another year of COVID with the false promise that it was ending about mid-year. But it didn't end. I just wanted to write a short letter to all of you saying let's review our accomplishments but then we should put this year in the rearview mirror as soon as we can.

There were several significant hurdles that our organization faced in 2021, and we have gotten through all of them. We succeeded in changing over our accounting system—moving from an arcane, hard-to-use system to the more accepted and ubiquitous Quickbooks. We have changed our accounting operation from an internal staff member to an outside firm that will be more reliable and sustainable. We continued offering training and technical assistance in spite of ongoing COVID issues. 2021 was like a stress test, and I am glad to say that we passed. In the end, we are still financially strong, we still have a resourceful and dedicated staff, and our membership is still supportive of the organization. We have met all of our goals and more.

This year we really should be thankful for our Vermont Rural Water staff. Everyone performed incredibly well. They took all of these challenges head-on and never stopped. This year also took quite the effort from all the Board Members too, but we couldn't have slacked off knowing how hard everyone else was working. We are very proud to be a part of this organization, as you should be too!

Sincerely,  
Rod Lamothe  
*Board President*

## Training

Over 6500 TCHs

## Technical Assistance

Over 2200 hours

## Apprenticeship

17 apprentices

## Financial Report

The 2021 audit resulted in an unqualified opinion and a clean report for the association.

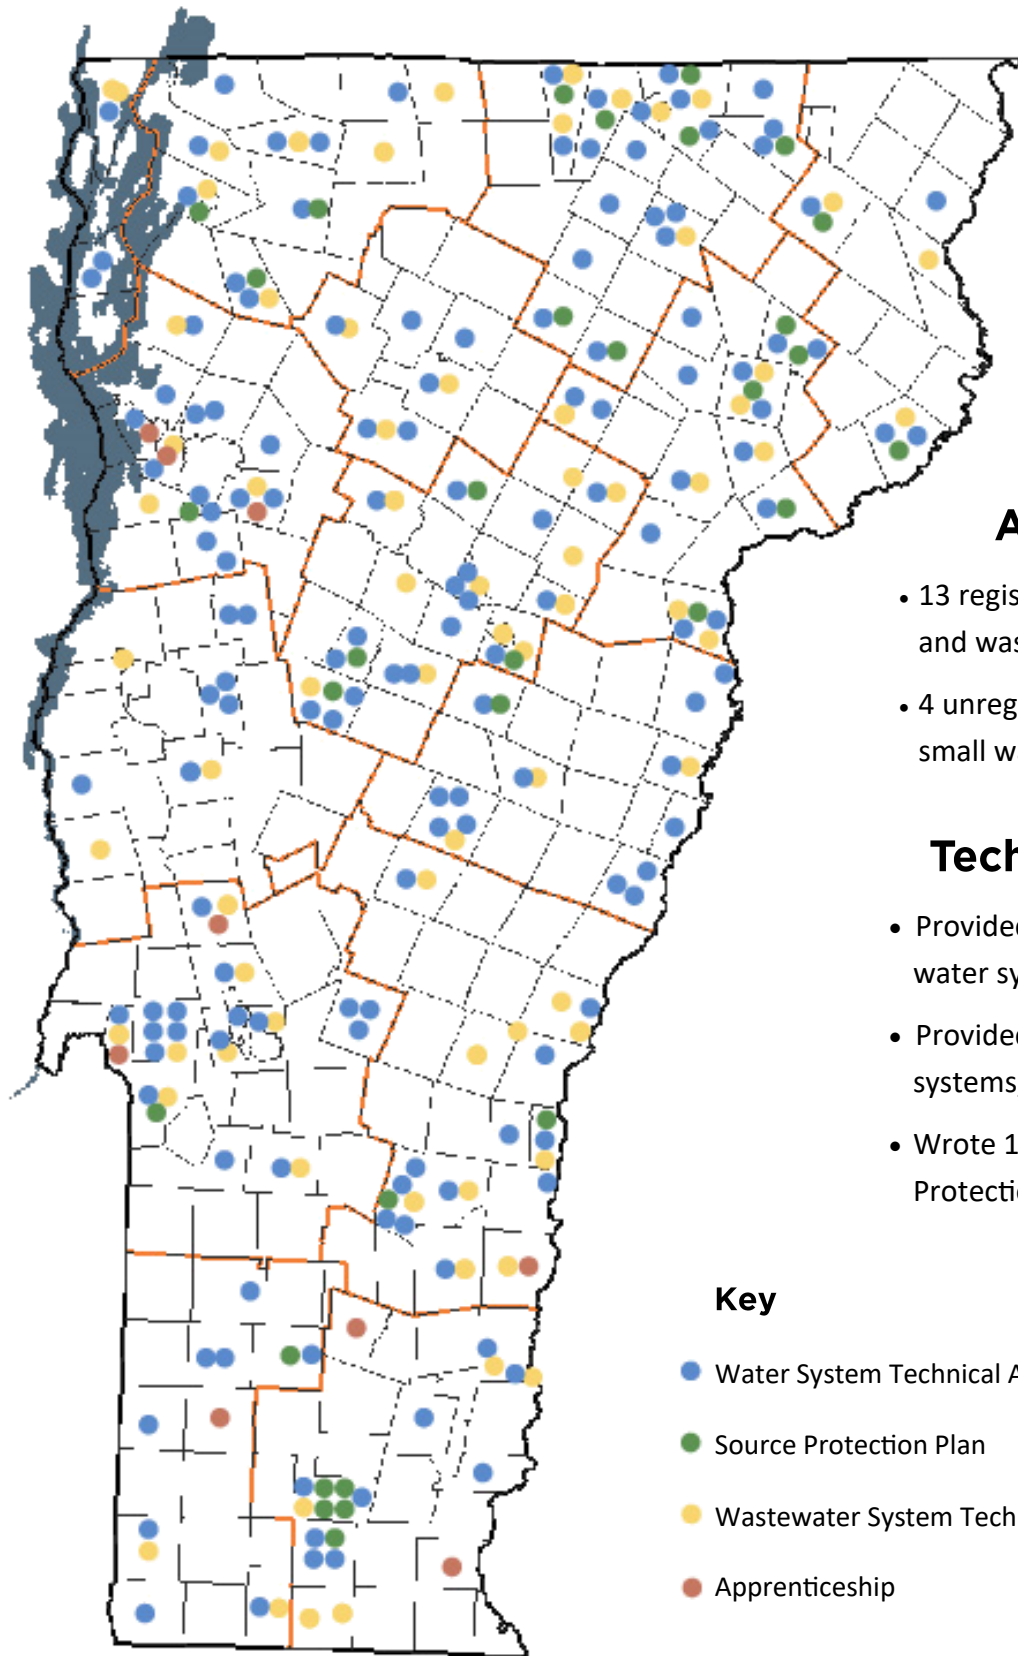

### Balance Sheet

Total Assets.....	\$644,276
Total Liabilities and net assets.....	\$644,276
Net assets, end of year.....	\$584,463

### Annual Revenue and Expenses

Total Revenue and support.....	\$1,029,637
Total Expenditures.....	\$1,005,285

# 2021 Accomplishments

## Training

- Held 78 training classes
- Taught 1,615 individuals
- Awarded 6,536 credit hours (TCHs)

## Apprenticeship

- 13 registered apprentices at water and wastewater treatment facilities
- 4 unregistered apprentices/interns at small water and wastewater systems

## Technical Assistance

- Provided assistance to 146 drinking water systems, a total of 1,322 hours
- Provided assistance to 77 wastewater systems, a total of 929 hours
- Wrote 14 new Source Water Protection Plans and 19 plan updates

## Key

- Water System Technical Assistance
- Source Protection Plan
- Wastewater System Technical Assistance
- Apprenticeship
